C-Bond Systems' Patriot Glass Solutions Division Hosts Live-Fire Demonstrations of its C-Bond BRS Bullet-Resistant System in Texas and Florida

Patriot Glass Solutions showed school personnel, safety experts, law enforcement, and others how its C-Bond BRS stops bullets from a 9 mm pistol and AR-15 rifle

HOUSTON, May 11, 2023 (GLOBE NEWSWIRE) -- [C-Bond Systems](#) (the "Company" or "C-Bond") (OTC: CBNT), a nanotechnology solutions company, today announced that its Patriot Glass Solutions division recently conducted successful live-fire demonstrations of its C-Bond BRS bullet-resistant window film system in Texas and Florida. The events were covered by NBC News Austin, Fox News Austin, and the Florida 24 Network.

Media coverage of the demonstrations:

C-Bond's [Patriot Glass Solutions](#) protects schools, businesses, hospitals, and other organizations with its security and ballistic/bullet-resistant window films. Patriot Glass Solutions offers two security film products: [C-Bond Secure](#) and [C-Bond BRS](#).

C-Bond Secure features a liquid glass strengthening primer/window film mounting solution used in conjunction with security film to deter forced entry. C-Bond BRS is a ballistic-resistant film system that includes C-Bond's patented glass strengthening technology and security film to help stop bullets from penetrating glass. C-Bond's patented technology and third-party certifications for its C-Bond BRS (ballistic-resistant film system) meet National Institute of Justice Level I, Level IIA, Level II, and Underwriters Laboratories (UL) 752 ballistic-resistant protection standards.

"Texas and Florida are two states where school safety is top of mind, which is why we chose to conduct live demos of our bullet-resistant system there," stated Scott R. Silverman, the Company's Chairman and CEO. "These demos prove our technology works, and we have already seen interest from a top-tier private school that attended our demo in South Florida to install our security and ballistic film solutions on its campus."

Patriot Glass Solutions is led by President Michael Wanke, who is the principal operator of the Company's majority-held A1 Glass Coating subsidiary, based in San Antonio. For more

Forward-Looking Statements

Statements in this press release about our future expectations constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties and are subject to change at any time, and our actual results could differ materially from expected results. These risks and uncertainties include, without limitation, the Company's ability to successfully commercialize its products; the likelihood that the TEA's proposal will be adopted; the Company's and its customers' ability to source materials; construction delays; the Company's ability to raise capital; regulatory risks; as well as other risks. Additional information about these and other factors may be described in the Company's filings with the Securities and Exchange Commission ("SEC") including its Form 10-K filed on March 31, 2023, its Forms 10-Q filed on November 14, 2022, August 15, 2022, and May 16, 2022, and in future filings with the SEC. The Company undertakes no obligation to update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this statement or to reflect the occurrence of unanticipated events, except as required by law.
