C-Bond Systems' Patriot Glass Solutions Division to Hold Live-Fire Demonstrations of its Ballistic-Resistant System on June 22 in San Antonio and June 29 in Los Angeles

With the Senate's Bipartisan Deal on School Safety, C-Bond Invites School Personnel, Law Enforcement, Architects, Politicians, and Media to Watch How its Bullet-Resistant System Can Help in Active Shooter Situations

HOUSTON, June 14, 2022 (GLOBE NEWSWIRE) -- [C-Bond Systems](#) (the "Company" or "C-Bond") (OTC: CBNT), a nanotechnology solutions company, today announced that its Patriot Glass Solutions division will hold live-fire demonstrations of its C-Bond BRS (ballistic-resistant system) on June 22nd in San Antonio, TX, and June 29th in Los Angeles, CA. With the Senate's bipartisan deal on school safety, C-Bond invites school personnel, architects, law enforcement, politicians, media, and more to see how its bullet-resistant system can help in active shooter situations.

For more information about Patriot Glass Solutions' products or to attend either demonstration, please call Patriot Glass Solutions at 844-602-2663, email Michael Wanke at mike@patriotglasssolutions.com, or email Allison Tomek at atomek@cbondsystems.com. RSVP is required to attend.

[C-Bond BRS](#) is a ballistic-resistant film system that includes C-Bond's patented glass strengthening technology and security film. C-Bond BRS is validated by an independent third-party laboratory to provide National Institute of Justice (NIJ) Level I, Level IIA, Level II, and Underwriters Laboratories (UL) 752 ballistic-resistant protection.

"We cannot emphasize enough how impactful and informative the live demonstrations of our ballistic-resistant system are," said Michael Wanke, President of Patriot Glass. "Watching our system prevent bullets from both a handgun and semi-automatic rifle from penetrating the glass underscores the importance of our system and the role it can play in increasing school safety."

Patriot Glass Solutions' other leading product is [C-Bond Secure](#), which is a liquid glass

strengthening primer and mounting solution used in conjunction with window film on architectural glass that deters forced entry and smash and grab crime. The product is compatible with any film manufacturer's products in all film market segments including solar, safety, decorative, automotive, and marine.

About C-Bond

C-Bond Systems, Inc. (OTC: CBNT) is a Houston-based nanotechnology company and marketer of the patented and patent-pending C-Bond technology, which is independently proven to strengthen glass in automotive and structural applications. The Company's Transportation Solutions Group sells C-Bond nanoShield, a liquid solution applied directly to automotive windshields, primarily through distributors. The Company's Patriot Glass Solutions sells ballistic-resistant glass solutions and forced entry deterrent solutions directly to private enterprises, schools, and government agencies, primarily through its majority-owned subsidiary, A1 Glass Coating. The Company also sells MB-10 Tablets, a disinfection product on EPA's List N. Forward-Looking Statements

Statements in this press release about our future expectations constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties and are subject to change at any time, and our actual results could differ materially from expected results. These risks and uncertainties include, without limitation, the Company's ability to successfully commercialize its products; the effect of the COVID-19 global pandemic on the Company's and its customers' ability to operate; the Company's and its customers' ability to source materials; the Company's ability to raise capital; regulatory risks; as well as other risks. Additional information about these and other factors may be described in the Company's filings with the Securities and Exchange Commission ("SEC") including its Form 10-K filed on April 15, 2022, its Forms 10-Q filed on May 16, 2022, November 15, 2021, and August 16, 2021, and in future filings with the SEC. The Company undertakes no obligation to update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this statement or to reflect the occurrence of unanticipated events, except as required by law.
