C-Bond Systems' Patriot Glass Solutions Division Completes Installation of Shooter Attack and Safety Film at 10 Schools in San Antonio

Patriot Glass Solutions has now installed C-Bond's shooter attack and safety film at 40 San Antonio schools

HOUSTON, Texas, Nov. 29, 2022 (GLOBE NEWSWIRE) -- [C-Bond Systems](#) (the "Company" or "C-Bond") (OTC: CBNT), a nanotechnology solutions company, today announced that its Patriot Glass Solutions division has completed the installation of C-Bond's shooter attack and safety film at 10 schools in San Antonio.

Patriot Glass Solutions offers two security film products: [C-Bond Secure](#), which includes a liquid glass strengthening primer/window film mounting solution used in conjunction with security film to deter forced entry, and [C-Bond BRS](#), a ballistic-resistant film system that includes C-Bond's patented glass strengthening technology and security film to help stop bullets from penetrating glass. C-Bond BRS is validated by an independent third-party laboratory to provide National Institute of Justice (NIJ) Level I, Level IIA, Level II, and Underwriters Laboratories (UL) 752 ballistic-resistant protection.

The Company, which previously announced receipt of this 10-school award in September, has now installed C-Bond's safety and ballistic film products in 40 schools in the San Antonio area.

"Our dedicated team worked hard not only to win this award, but also to install this job quickly and with the least amount of disruption possible for the schools," said Michael Wanke, President of Patriot Glass Solutions. "We continue to see strong demand for our products in Texas and are working with our network of dealers to get C-Bond BRS specified for schools in other parts of the country."
