Uvalde, TX School Chooses C-Bond Systems' Shooter Attack Film to Protect its Students and Staff

Patriot Glass Solutions, a division of C-Bond Systems, receives purchase order for C-Bond BRS ballistic-resistant system from private school in Uvalde

HOUSTON, Dec. 13, 2022 (GLOBE NEWSWIRE) -- C-Bond Systems (the "Company" or "C-Bond") (OTC: CBNT), a nanotechnology solutions company, today announced that a Uvalde, TX school has chosen C-Bond's shooter attack film to protect its students and staff from potential gun violence. C-Bond's Patriot Glass Solutions division received the purchase order for C-Bond BRS, a ballistic-resistant window film system, from the private school.

C-Bond BRS is validated by an independent third-party laboratory to provide National Institute of Justice (NIJ) Level I, Level IIA, Level II, and Underwriters Laboratories (UL) 752 ballistic-resistant protection.

Patriot Glass Solutions offers two security film products: C-Bond Secure, which includes a liquid glass strengthening primer/window film mounting solution used in conjunction with security film to deter forced entry, and C-Bond BRS, a ballistic-resistant film system that includes C-Bond's patented glass strengthening technology and security film to help stop bullets from penetrating glass.

"This is the second private school in Uvalde to select our security and safety films to protect their students and staff following the tragedy there earlier this year," said Scott R. Silverman, Chairman and CEO of C-Bond. "Glass doors and windows are some of the most vulnerable areas of school structures and we offer a proven, cost-effective solution to reinforce them."

Forward-Looking Statements

Statements in this press release about our future expectations constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties and are subject to change at any time, and our actual results could differ materially from expected results. These risks and uncertainties include, without limitation, the Company's ability to successfully commercialize its products; the effect of the COVID-19 global pandemic on the Company's and its customers' ability to operate; the Company's and its customers' ability to source materials; construction and labor delays; the Company's ability to raise capital; regulatory risks; as well as other risks. Additional information about these and other factors may be described in the Company's filings with the Securities and Exchange Commission ("SEC") including its Form 10-K filed on April 15, 2022, its Forms 10-Q filed on November 14, 2022, August 15, 2022, and May 16, 2022, and in future filings with the SEC. The Company undertakes no obligation to update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this statement or to reflect the occurrence of unanticipated events, except as required by law.
