C-Bond Systems Announces Weekly Podcast Series Hosted by CEO Scott R. Silverman

The podcast series will inform and engage customers, investors, government employees, school safety specialists, and the public at large about the need and significant market opportunities for bullet-resistant and security window film applications to help secure our schools, buildings and country overall

SAN ANTONIO, July 17, 2024 (GLOBE NEWSWIRE) -- [C-Bond Systems](#) (the "Company" or "C-Bond") (OTC: CBNT), a developer and marketer of glass strengthening solutions for enhanced safety, is excited to announce the launch of a weekly podcast series. The podcast will be hosted by Scott R. Silverman, Chairman and CEO of C-Bond Systems, and Nicholas Coriano, Partner with Cervitude, the Company's investor relations firm.

The initial podcast will dive into the history of the Company, the executive team, and the patented technology, and discuss some novel ideas for the application of the technology. The podcast series will be published on Sunday afternoons on the C-Bond Systems and Patriot Glass Solutions YouTube channels and shared on the Company's social media platforms and websites.

"We are eager to launch this podcast series to keep our customers, investors, school safety and government personnel, and other stakeholders informed about the ongoing developments, market demand, and progress we are making at C-Bond Systems," said Silverman. "This podcast will provide an in-depth look at our Company's journey, our innovative technology, and the competitive advantages that set us apart in the industry."

The podcast will run weekly through the summer and will feature special guests, including Allison Tomek, President of C-Bond Systems, and Michael Wanke, President of Patriot Glass Solutions, a subsidiary of C-Bond Systems. These episodes will offer unique insights into the operations, strategic vision, and prospects of C-Bond Systems.

"The goal of this podcast is to engage with our various audiences in a more personal and direct way," said Coriano. "We aim to provide valuable information to current and prospective investors, customers, partners and the general public, ensuring they are well-informed about C-Bond's achievements and potential as we continue to expand our business and explore new avenues for growth."

Listeners can look forward to learning about the Company's groundbreaking products, including C-Bond Secure and C-Bond BRS, which are setting new standards in glass

strength and safety. The podcast will also explore various strategic initiatives and innovative ideas that continue to drive C-Bond Systems' growth and success.

Forward-Looking Statements

Statements in this press release about our future expectations constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and as that term is defined in the Private Litigation Reform Act of 1995. Such forward-looking statements involve risks and uncertainties and are subject to change at any time, and our actual results could differ materially from expected results. These risks and uncertainties include, without limitation, the Company's ability to successfully commercialize its products; the Company's and its customers' ability to source materials; construction delays; film delays; the Company's ability to raise capital; regulatory risks; as well as other risks. Additional information about these and other factors may be described in the Company's filings with the Securities and Exchange Commission ("SEC") including its Form 10-K filed on April 1, 2024, its Forms 10-Q filed on May 14, 2024, November 14, 2023, and August 14, 2023, and in future filings with the SEC. The Company undertakes no obligation to update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this statement or to reflect the occurrence of unanticipated events, except as required by law.
