

HIGHLAND PARK INDEPENDENT SCHOOL DISTRICT  
**POLICE DEPARTMENT**  
Mark D. Rowden, Chief of Police

September 3, 2015

To whom it may concern,

The Highland Park Independent School District utilizes C-Bond technology as one of the many components in a larger system in order to provide a safe and secure learning environment for our students, faculty and staff.

C-Bond technology plays an integral role in preparedness for a multitude of scenarios that could potentially threaten that environment. Of greatest concern are weather related emergencies and intruders gaining access to our schools. C-Bond technology is a key component in addressing those situations and helping to insure that in the event of critical situation where that level of protection is needed, we are prepared.

The C-Bond Systems staff is very helpful in assisting us in evaluating our options as well as planning for the future as new challenges arise.

Best regards,

A handwritten signature in black ink that reads "Mark D. Rowden".

Mark D. Rowden  
Chief of Police  
Director of Safety and Security Services  
Highland Park Independent School District
